GADGET**

**GADGET'S
CRAZY MAZE**

www.ubisoft.com

WARNING: READ BEFORE USING YOUR PLAYSTATION® GAME CONSOLE.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation game console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation game console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNOFFICIAL PRODUCT:

The use of unofficial products and peripherals may damage your PlayStation game console and invalidate your console warranty.

HANDLING YOUR PLAYSTATION DISC:

- This compact disc is intended for use only with the PlayStation game console.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

CREDITS	11
TECHNICAL SUPPORT	12

SETTING UP:

Set up your Console according to the instructions in the Instruction Manual. Insert the **INSPECTOR GADGET™** disc and close the disc cover. Turn the Console ON at the **POWER** button. Do not insert or remove peripherals or **MEMORY CARDS** once the power is turned on. If you want to be able to save the game then make sure that there is a free block on your **MEMORY CARD** before commencing play.

CONTROLS:

If you are using an (**DUALSHOCK™**) Analog Controller, this game can be played using the directional buttons or the left stick. When using the left stick, ensure the **ANALOG** mode switch is on (the LED will light up Red). **PLEASE NOTE:** The vibration function of the (**DUALSHOCK™**) Analog Controller is supported in this game.

In case you unplug a controller or Multi Tap that is currently used during the game, a controller status display pops up and shows controllers and Multi Taps that are needed to continue playing in red. After you have plugged in the missing components, press the **START** button to enter the pause menu, and then select the continue item to return to the game.

1. MULTITAP

CAUTION!

When using the Multi Tap, at least one controller must be connected to controller port 1-A or port 2-A! If you want to use a **MEMORY CARD** for saving, and the Multi Tap is plugged into controller port 1, you need to plug the **MEMORY CARD** into port 1-A of the Multi Tap.

2. DIRECTIONAL BUTTONS - MOVEMENT:

In this manual, \uparrow , \downarrow , \leftarrow , \rightarrow , are used to denote the direction of both the directional buttons and the left stick. These are the default controls. You can reconfigure the controls of the left stick of the Analog Controller (**DUALSHOCK**) to your preferred settings via the **DUALSHOCK** option in the **OPTIONS** menu.

3. BASIC ACTIONS:

* BUTTON:

- Activates collected gadget or otherwise makes a character kick.

START BUTTON - PAUSE:

- Pauses the game and opens up the **PAUSE** menu (see page 4 for more information).

R1 BUTTON:

- Press and hold to see your score in the multiplayer match.

4. MOVEMENT:

Use the directional buttons to go where you want. To pick up a gadget, just walk over it.

IN GAME MENUS:

MAIN MENU

Press the **X** button to select:

START GAME: Begin an adventure.

OPTIONS: Reconfigure your game using a selection of options.

SCORES: Shows the top ten scores in singleplayer and cooperative multiplayer mode.

CREDITS: Lists all the people involved in the development of the game.

LOAD GAME: Load a saved game.

1. START GAME

Press the **X** button to select:

TRAINING:

In these easy levels, you can learn how to dissolve crystals, how to use gadgets, and how to deal with MAD agents.

SINGLEPLAYER:

Starts a single player game. If you have completed one or more levels before, you will be presented with a level selection screen.

COOPERATIVE MULTIPLAYER:

Starts a cooperative multiplayer game. In this mode, you need one or more friends to solve the levels. If you have completed one or more levels before, you will be presented with a level selection screen. Be careful, you can easily knock out your friends by kicking a crystal in their direction when they are too close. In this mode, you and your friends have a common score.

MULTIPLAYER MATCH:

Starts a multiplayer match, in which two or more players can play against each other. When a player dissolves crystals, they turn into either coins or gadgets which can be used by every player (just walk over them to pick them up). When someone gets knocked down, he loses a heart. The player can collect the heart again after he has respawned - if it did not get collected by the other players.

When a player loses all his hearts (you have three hearts when you start), he turns into a ghost. As a ghost you are slow, but you can walk everywhere and you can frighten other players, which makes them lose control over their character for a short time. As soon as you collect a heart flying around, you will turn into your normal character again. The player who has the highest score after five minutes wins. The crystals that have been dissolved appear again at their original positions - be sure not to stand on such a starting point at the wrong time. You can avoid this by watching for a blinking shadow that signals where a crystal is about to land. In case you get stuck or a crystal prevents you from combining other crystals, you can destroy crystals by kicking them ten times in a row. You can knock out your opponents by kicking a crystal in their direction when they are within reach.

2. OPTIONS MENU

DIFFICULTY

Press **←**, **→**, to move the slider and increase/decrease the level of difficulty: easy, normal, hard. The higher the level of difficulty, the higher score you can achieve.

VIBRATION

When activated, the analog controller (VIBRATION) rumbles on certain actions. Make sure you install this feature if you want to use it.

SOUND VOLUME

Press **←**, **→**, to move the slider and increase/decrease the level of the volume of the sound effects.

SFX VOLUME

Press **←**, **→**, to move the slider and increase/decrease the level of the volume of music.

STEREO

Press **←**, **→**, to move the slider and activate/deactivate the stereo.

PAUSE MENU

STATUS LINE

shows inactive gadget you are carrying

MEMORY CARDS - SAVING AND LOADING

After being knocked down too often or finishing the game, you will be asked whether you want to save the scores to MEMORY CARD. This will also save up to the level you have played so far, so that you do not have to play all the previous levels again, in case you did not finish the level successfully.

When you save a level this way, you can easily select any level up to the one you played last, just be sure that you have the MEMORY CARD that was used for saving in MEMORY CARD slot 1 when you start Inspector Gadget.

You will then be presented with a level selection screen each time you start a game. Use the directional buttons to select the level you want to play, and press the X button to start that level.

Note that you cannot load or save the exact status of the current level, you can only save up to the level you have played so far.

MISSION

In his quest for power, the evil Doctor CLAW tries to reach for total world domination. To achieve this, he produces mind crystals in his space station, and sends them to earth where they fall from the sky. These mind crystals turn everybody who stands near them for too long into mindless slaves.

Your mission is to dissolve all of Doctor CLAW's mind crystals in five different scenarios before they turn everyone into one of Doctor CLAW's mindless slaves. If Doctor CLAW manages to kidnap Penny and Brain, you have to make your way to their jail cell and free them before the crystals take effect on their minds.

In this case, your main goal is not to dissolve the crystals, but to free your friends as quickly as possible.

Doctor CLAW has employed many MAD agents to defend his precious mind crystals. The blue MAD agents are quite stupid as opposed to the red spies who can quickly find you. But be warned, sometimes the red spies are disguised as blue MAD agents or other characters...

The crystals can be dissolved by combining rows of at least three crystals of the same colour. The multicoloured crystals work as jokers: they can be combined with all the other colours to make rows of crystals to dissolve. The more crystals you dissolve at the same time, and the more time remains after finishing a level, the more points you get.

In each level, you have a certain amount of time to dissolve the mind crystals before they take effect and you lose that level. With each dissolved crystal, this time extends a bit, because less crystals have less influence, and thus it takes longer for them to take effect.

POINTS

In all modes, the dissolved crystals turn into coins that give you points.

- Bronze coin= 1 point.
- Silver coin= 10 points. Dissolve 4 crystals at the same time to get these.
- Gold coin= 50 points. Dissolve 5 or more crystals at the same time to get these.

You will get an extra life every 500 points:

- 200 points in easy mode.
- 300 points in normal mode.
- 500 points in hard mode.

Singleplayer and cooperative multiplayer modes:

After finishing a level, the remaining seconds count as follows:

- Difficulty "easy": 10 seconds= 1 point.
- Difficulty "normal": 2 seconds= 1 point.
- Difficulty "hard": 1 seconds= 10 points.

Multiplayer mode:

- Heart= 7 points. The heart appears only in multiplayer mode when someone gets knocked down.

CHARACTERS

INSPECTOR GADGET

He must save the world from Doctor CLAW and his agents. He is the only character you can control in singleplayer mode.

PENNY
Inspector Gadget's niece.

CHIEF QUIMBY
Inspector Gadget's boss.

BRAIN
Penny's dog.

All opponents will knock you down when they bump into you or vice versa.

MAD AGENT

This type of agent is quite stupid. They just run around until they bump into you.

The only place where they seem to wake up is the mono rail, where they are trying to take hold of you by throwing a net towards you.

CLOWN

In the circus, the spy is disguised as a clown.

SPY

The spy is more intelligent and as soon as he has found a way to you, he will start running in your direction. Sometimes, the spy is disguised as a normal MAD agent, so do not only watch the clothes of your opponents, but their behaviour, too.

CAT

In the haunted house, there is a hungry cat, which hunts for everything that looks edible - this includes you! Be careful, this cat is fast!

GADGETS

Inspector Gadget can make use of some gadgets, which help him to fulfil his task.

HAMMER-HAT

With the hammer-hat, Inspector Gadget can knock out the MAD agents before they knock him out. The hammer-hat can be used five times before it is used up. Press the X button to activate.

PROPELLER-HAT

This hat lets Inspector Gadget fly for a short time. Use the X button to land. Do not land on any obstacle or you will crash. Be sure not to run out of fuel (indicated by a small bar beneath Inspector Gadget), as this will also cause you to crash.

ROLLER SKATES

These greatly speed up Inspector Gadget's movement, but are also difficult to handle. Press the X button to remove them.

Sometimes, Inspector Gadget encounters one of the following items:

KEY

With a key, Inspector Gadget can open locked doors by walking up to them, and pressing the X button.

CHECK POINT

If Inspector Gadget walks over the G Tiles next to a check point he will reappear there after he has lost a life.

TRIGGER

Triggers are for opening doors you cannot open with a key. They are also used for many other things Inspector Gadget has yet to find out.

Technical support and warranty

Before contacting Ubi Soft Technical Support, please carefully read through this manual. Also, help is available online at <http://www.ubisoft.com/support>. If you are unable to find an answer to your question using the website or the manual, please contact us via one of the following methods:

CONTACT US OVER THE INTERNET:

<http://www.ubisoft.com/support>

This site takes you to the Ubi Soft Solution Center. Here you can browse our FAQ listings, or search the solution database for the most recently updated information since the game's release. or, for fastest email response, you can send in a request for Personal Assistance from a Technical Support Representative.

CONTACT US BY E-MAIL:

For fastest response via e-mail, please visit our website at: <http://www.ubisoft.com/support>

From this site, you can enter the Ubi Soft Solution Center where you can send in a request for Personal Assistance from a Technical Support Representative. You can also contact our Ubi Soft Support by e-mailing them directly at support@ubisoft.com.

It may take anywhere from 24-72 hours for us to respond to your e-mail depending upon the volume of messages we receive and the nature of your problem.

CONTACT US BY PHONE:

You can also contact us by phone by calling (919) 460-9778. Note that this number is for technical assistance only. We cannot give hints or tips over the Technical Support line. When calling our Technical Support line,

please make sure you are at the game. Be advised that our Technical Support Representatives are available to help you Monday - Friday from 9 am - 9 pm (Eastern Standard Time), excluding holidays. While we do not charge for technical support, normal long distance charges apply. To avoid long distance charges, or to contact a support representative directly after these hours, please feel free to use one of the other support avenues listed above. e-mail responses usually receive a response in less than 2 business days. If we receive your e-mail, you will receive a response!

CONTACT US BY STANDARD MAIL:

Please do not send returns directly to Ubi Soft without first contacting a Technical Support Representative. If you need to return a product, review the Replacement policy / Warranty in this manual.

UBI SOFT TIPS LINE

Ubi Soft Technical Support cannot give answers to hint, tip, or cheat related questions. Please call our automated Tips Line for walkthroughs and cheats for our games. All the hints, tricks and cheats for our games are here. If you're under 18 years of age, please have your parents' permission before calling. Note that only touch-tone phones may access this service. (900) 288-2583 (CLUE). \$.95 per minute

PROOF OF PURCHASE

Inspector Gadget®
0.08888.31014.3

UBI SOFT LIMITED WARRANTY

Ubi Soft warrants to the original purchaser of its products that the products would be free from defects in materials and workmanship for a period of ninety (90) days from the date of purchase. Ubi Soft products are sold "as is", without any expressed or implied warranties of any kind, and Ubi Soft is not liable for any losses or damages of any kind resulting from use of its products. Ubi Soft agrees for a period of ninety (90) days to either replace defective product free of charge provided you return the defective item with dated proof of purchase to the store from which the product was originally purchased or repair or replace the defective product at its option free of charge, when accompanied with a proof of purchase and sent to our offices postage prepaid. This warranty is not applicable to normal wear and tear, and shall be void if the defect in the product is found to be as a result of abuse, unreasonable use, mistreatment or neglect of the product.

LIMITATIONS

This warranty is in lieu of all other warranties and no other representations or claims of any nature shall be binding on, or obligate Ubi Soft. Any implied warranties applicable to Ubi Soft products, including warranties of merchantability and fitness for a particular purpose, are limited to the ninety (90) day period described above. In no event will Ubi Soft be liable for any special, incidental, or consequential damages resulting from possession, use, or malfunction of Ubi Soft products. Some states do not allow limitations as to how long an implied warranty lasts and/or exclusions or limitations of incidental or consequential damages. So the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific rights, and you may also have other rights that vary from state to state.

NOTICE

Ubi Soft reserves the right to make improvements in its products at any time and without notice. Refunds Ubi Soft cannot provide refunds or otherwise process returns for credit of any kind other than an identical product replacement. Any product refund request must occur at the place of purchase, as the individual retail outlets set their own refund policy. This policy covers identical product replacements only. Product / Documentation Replacements Please contact Ubi Soft Technical Support before sending your product to us. In many cases, a replacement is not the best solution. Our support representatives will help you determine if a replacement is necessary or available.

TO RETURN WITHIN THE 90-DAY WARRANTY PERIOD:

Please return the product (media only) along with a copy of the original sales receipt, showing the date of purchase, a brief description of the difficulty you are experiencing including your name, address and phone number to the address below. If the product was damaged through misuse or accident, or if you do not have a dated sales receipt, then this 90-day warranty is rendered void and you will need to follow the instructions for returns after the 90-day warranty period.

TO RETURN AFTER THE 90-DAY WARRANTY PERIOD:

Please return the product (media only) along with a check or money order for the amount corresponding to your product (see replacement fees below) made payable to Ubi Soft, a brief description of the difficulty you are experiencing including your name, address and phone number to the address below.

ADDRESS:
